

PLATFORM OF THE Independent Home-Rule PARTY.

Adopted in Island Convention in Honolulu, H. I., June 7, 1900.

PREAMBLE.

"We believe that all governments founded on an independent basis should be secured of freedom without oppression. We believe in equal rights and freedom for all the people.

"We believe man was born with a right to be independent and that every person is equal in the eye of the law. We believe that he is endowed with all the privileges of life, liberty and the right to choose that which will contribute to his best advantage. We believe in protection against oppression. We believe that we should strive to secure equal rights for the people, by the people and of the people.

"Equal rights for the people," is the motto adopted in the platform.

"The belief of the independent party is that the successful candidate in the legislature of the Territory of Hawaii should strive in every way to secure the consent of the congress of the United States to make a state of the Territory of Hawaii and pledge ourselves to support all good and equal provisions that either the republican or democratic parties of the United States may see fit to enact.

"We further pledge ourselves to support that political party in the United States that will work to make Hawaii a state.

"We intend to strive in every way possible to secure from the United States benefits and privileges for the natives and other citizens alike who will work together for the good of the country, regardless of color. We also intend to strive toward the end that our representatives shall formulate the best laws for the people.

"Our legislature should strive to obtain homesteads for American citizens of the Territory of Hawaii out of the lands that have been taken over by the United States.

"They should also strive to set aside an appropriation for the payment of just claims or damages by fire, caused by the burning of Chinatown in Honolulu and other places by the board of health in connection with the suppression of bubonic plague in 1900.

"They should further strive to encourage education, industrial pursuits, farming, road making, railroads and both foreign and local commerce that will redound to the advantage of the country.

"We stand opposed to monopolies, to any attempt at a restriction of the voting privilege of natives or citizens who think as they do, that might be attempted later. We stand opposed to the heavy taxation of the people, the restriction of the jury rights of the natives and to all other restriction of the rights of the people.

"We declare that labor, other than by contract, on government work either mechanical or industrial, shall not exceed eight hours a day.

"Labor on government contracts or otherwise, either direct or indirect, shall be performed by citizens of the Territory of Hawaii.

"We pledge ourselves to resist the furtherance of trusts in the Territory of Hawaii.

"We are pledged to earnest and unceasing effort to secure for all those persons imprisoned by the martial law rule of 1895 and by sentence of the military commission of 1895 such financial remuneration as is their just due."

The above is the correct PLATFORM of the INDEPENDENT HOME RULE PARTY.

ELECTRIC MONOPOLY AND THE ELEVATORS

Charges Exact by the Hawaiian
Electric Company May Get
Into the Courts

The Hawaiian Electric Company is having trouble with its patrons who operate elevators in their buildings by electricity. Tenants in the Progress block have been trudging up stairs for the past three days. The elevator in the store of Emmelhuth & Co. has been at a standstill since Thursday.

The dispute between the Electric company and Bruce Waring & Co., owners of the Progress block, is complicated and promises a airing in court. The owners of the building complain of exorbitant charges and a supply of power less than one-half of the volume called for in the agreement. The Electric company insists that it must raise charges or discontinue the service. Bruce Waring & Co. asked the Electric company to waive the statutory monopoly as a purveyor of electricity and allow the Progress block to be supplied from the power house of the Pacific Heights railway. They refused to listen to this proposition. The increased rate will be paid under protest until the matter can be settled in court.

Emmelhuth & Co. have ordered the Electric company to take out their meter and disconnect the wires. Mr. Emmelhuth stated that they stood the pressure until the point was reached where they were paying eight times the charges asked two years ago.

"We have borne the gradual increase in charges with patience," said Mr. Emmelhuth, "but the breaking point has been reached and we will do business without an electric elevator."

MONEY WANTED AT HONOLULU

Opportunity Offered to Capital to
Open Large Plantations.

The Seattle Post-Intelligencer of September 16 has the following:

Frank Hustrup, a stock broker of Honolulu, is at the Hotel Butler on a pleasure tour, which is to include all of the large eastern cities. He said last night: "Times are a little dull in Honolulu now on account of a scarcity of money. The extensive developments on the big plantations have exhausted about all of the available cash, and money is very hard to get at any rate of interest. People in the States seem not to understand or to doubt the statement, but we cannot get money for any purpose for less than 8 or 9 per cent. The contrast with conditions here in that respect is quite strong.

"Fine opportunities are offered for men with money to open up large plantations, and untold fortunes await those who will go about it in a conservative way.

"Immense amounts of Puget Sound building lumber are used in Honolulu. It is largely dressed stuff, much of it tongued and grooved. Our fuel is mostly from the mines of Australia, with occasional shipments from Departure Bay and Nanaimo, B. C."

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation of the remedy. The remedy owes its great popularity and extensive sale in a large measure to the personal recommendations of people who have been cured by it. It is for sale by Benson, Smith & Co., general agents, Territory of Hawaii."
